SOUND OF HOPE

The Story of Possum Trot

Inspired by the powerful true story, Donna and Reverend Martin ignite a fire in the hearts of their rural church to embrace kids in the foster system that nobody else would take. By doing the impossible—adopting 77 children—this East Texas community proved that with real, determined love, the battle for America's most vulnerable can be won.

ARE YOU THINKING ABOUT BECOMING A FOSTER PARENT?

FROM FOREVER FAMILIES TO BRIGHT FUTURES:

How NOAS is Changing Lives at Every Stage of the Journey

PARTNERSHIP FOR NEARLY 20 YEARS

with the Dave Thomas Foundation for Adoption (DTFA)

We are thrilled to announce that NOAS has been funded for another year by the DTFA!

This incredible nonprofit is dedicated to finding forever families for children who have been waiting the longest in the foster care system. The foundation supports our amazing Wendy's Wonderful Kids Recruiters, overseen by Jamie Hetrick and supervised by Sarah Pinciario and James Margiotta. This dedicated team works tirelessly to connect these children with permanent, loving homes.

NEWS FROM OUR YOUNG ADULTS PROGRAM

Our Bridges program is dedicated to supporting young adults who age out of the foster care system without having been adopted. These individuals often face the challenge of navigating adulthood without strong connections or guidance.

That's where Bridges steps in. Our Bridges liaison works to fill this critical gap by providing stable housing and a range of supportive services, helping these young adults build a foundation for a successful and independent future.

We're proud to share that several of our young adults have recently enrolled for the fall semester—some at

the University of Akron and others returning to high school. These are significant milestones and wonderful accomplishments on their journey toward independence.

MEET THIS SWEET SIBLING GROUP

Alexis, Gavin, and Olivia entered the foster care system together three years ago. Since that time, they have remained in the same foster home, providing them with a sense of stability and continuity during a challenging period in their lives. Staying together has allowed them to maintain their sibling bond, connection, and support of one another.
